- Fhatuwani Musekwa
- Emmanuel Mwandla

Agenda:

1. Review of Project Requirements
2. The set-up tools we will be using
3. User Stories to be used for Sprint 1

Decisions made:

- Discussing core objectives for Sprint 1: We should have at least a working sign up, login, landing page with at least four users. Making sure members can log in safely.
- We set up taiga and GitHub: Tools where code is automatically tested and tracked.
- User Stories:
    1. As a user, I want to log in with a 3rd party provider so that my identity is verified securely.
    2. As an Admin, I want to create a stokvel group so that I can set up my savings group.
    3. As an Admin, I want to invite members so that they can join my stokvel group.
    4. As a Member, I want to view my contribution history so that I can track what I have paid.
